

# **International Seminar Series on Advances in Operator Theory and Inequalities #2**

**Friday, May 15, 2026 - Friday, May 15, 2026**

## **Scientific Program**

Foundations of Operator Theory

Operator Inequalities

Spectral Theory

Matrix Inequalities and Operator Theory

Unbounded Operators and Their Inequalities

Operator Algebras and Inequalities

Applications in Mathematical Physics

Interdisciplinary Applications of Operator Inequalities

Advanced Topics in Operator Theory and Inequalities
