

Global Conference on Mathematics and Applications (GCMA)

Friday, November 27, 2026 - Sunday, November 29, 2026

Scientific Program

The conference will include (but is not limited to) the following tracks:

Pure Mathematics

Algebra

Analysis

Geometry and Topology

Number Theory

Logic and Foundations

Applied Mathematics

Differential Equations

Numerical Analysis and Scientific Computing

Optimization and Operations Research

Mathematical Physics

Data Science and AI

Interdisciplinary and Industrial Mathematics

Probability and Statistics
